

Vitum

A+E-Vitum

A+E-Vitum dietary supplement is recommended for adults to supplement their diet with vitamins A and E.

Vitamin A helps in the proper functioning of the immune system and in maintaining

the proper condition of the mucous membranes, contributes to the maintenance of normal iron metabolism, helps maintain healthy skin, helps in maintaining proper vision.

Vitamin E helps to protect cells against oxidative stress.

Application

The preparation is recommended for adults to supplement their diet with vitamin A and E. The product should not be used in the case of hypersensitivity to any of the product components, during pregnancy and breastfeeding, and in the case of hypervitaminosis A. Do not take additional supplements containing vitamin A.

Recommended intake

Adults – 1 capsule daily with a meal. Do not exceed the recommended daily dose. Dietary supplements cannot be used as a substitute (replacement) for a varied diet. Maintaining proper health requires a balanced diet and a healthy lifestyle.
