

Aloe Juice

Aloe juice – dietary supplement – is obtained directly from the pareia of aloe leaves. Unlike juices reproduced from concentrate, it is characterized by a distinct taste and smell. Aloe vera supports immunity and has a beneficial effect on metabolism and digestive processes.

NFC Juice

The Juices of the World series is 100% directly squeezed and not played back from concentrate, so the nfc mark – Not From Concentrate/ not concentrated juice is proudly on the packaging.

NO ADDED SUGAR

The juice is not additionally sweetened, which means that it is characterized by a level of sweetness occurring naturally in the fruit.

Ingredients

Aloe juice 99.7% (*Aloe Vera*) preservative: sodium benzoate, acidity regulator: citric acid, preservative: potassium sorbate.

Recommended intake

Adults 50 ml of aloe juice per day, once or divided into 2 or 3 servings, preferably 1 hour before meals.

Aloe juice can be drunk undiluted or with the addition of fruit juice. Do not exceed the recommended daily allowance. Dietary supplements can not be used as a substitute (replacement) for a varied diet. Maintaining a healthy state of health requires balanced nutrition and leading a healthy lifestyle.
