

Cardiovitum

Cardiovitum contains ingredients that support the immune system, nervous system and proper heart function.

Cardiovitum contains:

FLAXSEED EXTRACT

The product contains extract from flax seeds standardized to 20% flax lignans.

Flax lignans support correct heart function and help to maintain hormonal balance.

HAWTHORN EXTRACT

Hawthorn extract helps to reduce anxiety and irritability. It also supports heart function, increases oxygen supply and improves peripheral circulation.

OLIVE FRUIT EXTRACT

In addition, Cardiovitum contains olive fruit extract standardized for hydroxytyrosol content.

ZINC AND CHOLINE

Zinc helps to protect cells from oxidative stress and to maintain proper functioning of immune system; it also supports healthy bones and proper vision.

Choline contributes to maintaining normal homocysteine and fat metabolism. It also helps in proper functioning of the liver.

5 B VITAMINS

Niacin, pantothenic acid, riboflavin, thiamine and biotin:

Contribute to the maintenance of normal energy metabolism.

Biotin, riboflavin, niacin and thiamin:

help in the proper functioning of the nervous system.

Niacin, riboflavin and pantothenic acid:

Contribute to reducing feelings of fatigue and tiredness.

Thiamine:

Helps maintain normal psychological function. Thiamine also helps with normal heart function.

Use: the product is recommended for adults, especially the elderly, to supplement the diet with ingredients that support the immune system, nervous system and normal heart function.
