

Chokeberry Juice 100%

Chokeberry (*Aronia melanocarpa*) is a shrub belonging to the rosefamily, grown for aromatic, dark-blue fruits. Juice squeezed directly from the fruits of the aronia is characterized by a sour, slightly tart taste. It is an excellent complement to a daily, balanced diet. It can be consumed by people of any age. It is recommended

especially in the autumn-winter period and during the period of spring solstice.

NFC Juice

The Juices of the World series is 100% directly squeezed and not played back from concentrate, so the nfc mark – Not From Concentrate/ not concentrated juice is proudly on the packaging.

No added sugar

The juice is not additionally sweetened, which means that it is characterized by a level of sweetness occurring naturally in the fruit.

Why choose our juice?

No preservatives

The juice does not contain preservatives, so after opening, store the bottle in the refrigerator according to the information on the label.

No dyes

After spilling into a glass, each juice has an NFC-specific colour.

Pasteurized

The juice is pasteurized to extend its shelf life – a safe method to keep it fresh.

Safety stopper in the neck of the bottle

The cork in the neck of the bottle prevents the juice from overflowing after it is tilted – this allows more precise pouring into the glass.

Dark glass bottles

Juices in glass packaging are valued for retaining freshness, taste and aroma for a long time, and the dark color of the glass protects the content from light access, which can negatively affect its value.

Wide selection of flavours

Our offer includes 19 selected flavors of fruit juices from all over the world – from a duo of lemon and ginger, whose fruits in many homes are used to build immunity to sea buckthorn called The Gold of Siberia by a wealth of nutritional values.

Ingredients

Chokeberry juice 100% (*Aronia melanocarpa*)

NUTRITIONAL VALUE 100 ml of products:

- energy value (energy) – 302 kJ/71 kcal,
- fat – 0 g, including saturated fatty acids – 0 g,
- carbohydrates – 18 g, including sugars – 7,7 g,
- fibre – 0 g,
- protein – 0 g,
- salt – 0 g.

Store

Store at room temperature. After opening, store in the refrigerator for no more than 10 days.

Country of origin: Poland

Volume:

- 490 ml
