

Collaflex SHOT

Benefits:

- 20 vials of 25 ml

- 1 vial a day
- strawberry flavor
- convenient to use – liquid form

Collaflex SHOT is a strawberry-flavored dietary supplement in a liquid form, containing **hydrolyzed type I collagen**, which is the main component of tendons and ligaments, and the **Collatrin® complex**, which provides ingredients found in cartilage.

Vitamin C helps in the proper production of collagen to ensure the proper functioning of bones and cartilage. **Manganese** contributes to the maintenance of healthy bones and helps in the proper formation of connective tissues. Manganese and vitamin C help protect cells from oxidative stress. **Copper** helps maintain the proper condition of connective tissues. Vitamin C, manganese, copper contribute to the maintenance of normal energy metabolism. **Vitamin D** helps in maintaining healthy bones and in the proper functioning of muscles.

Application

The preparation is recommended for adults who care about maintaining the proper condition of joint cartilage and healthy bones, especially for people practicing sports.

Recommended use

Adults – 1 vial (25 ml) daily.

Shake before consumption. The product is ready to consume directly from the vial, without the need to dilute it in other liquids.

Do not exceed the recommended daily dose. Dietary supplements cannot be used

as a substitute (replacement) for a varied diet. Maintaining proper health requires a balanced diet and a healthy lifestyle.

Daily dose (1 vial – 25 ml) contains:

- type I hydrolyzed collagen – 5 000 mg,
- Collatrin® – 100 mg, including:
 - type II collagen – 60 mg,
 - chondroitin sulfate – 20 mg,
 - hyaluronic acid – 10 mg,
- vitamin C – 80 mg (100%*),
- manganese – 1 mg (50%*),
- copper – 0,5 mg (50%*),
- vitamin D – 5 µg (100%*)

*of nutrient reference value

Ingredients

Water, hydrolyzed type I collagen, stabilizer: glycerol, fructose, powdered beetroot juice concentrate, acidity regulator: citric acid, aroma, L-ascorbic acid (vitamin C), Collatrin® (hydrolyzed components of the intercellular matrix of cartilage: type II collagen , chondroitin sulfate, hyaluronic acid), preservative: sodium benzoate, preservative: potassium sorbate, manganese gluconate (manganese), sweetener: sucralose, copper (II) gluconate (copper), cholecalciferol (vitamin D).

Storage

Store at room temperature, in a dry and dark place, in a dry and dark place. Dietary supplements should be stored out of the reach of small children.

Pack:

- 20 vials of 25 ml
