

Ginger Syrup with Lemon with vitamin C

Ginger is a plant that is grown in humid and warm climates. It contains many valuable macronutrients, such as magnesium, phosphorus and potassium. Ginger root has a number of valuable properties: it has anti-inflammatory properties, it is used in

arthritis, bronchitis, it is cholagogic and stimulates gastrointestinal motility. It is also recommended for the prevention of motion sickness, it alleviates nausea, has analgesic, anti-migraine, antiviral, antibacterial and antifungal properties. It regulates and lowers the level of cholesterol in the blood, demonstrating an antiatherosclerotic effect. Research has also shown that ginger has the ability to neutralize free radicals. Our product is a combination of pasteurized ginger rhizome juice (*Zingiber officinale*) 52.25%, pasteurized lemon fruit juice 2.75% (*Citrus limon*), sugar and vitamin C, thanks to which it supports your immunity even better! In addition, vitamin C supports the work of the nervous system, protects cells against oxidative stress and the proper production of collagen. It also helps to reduce the feeling of fatigue!

Properties of ginger:

- Supports the proper functioning of the immune system!
- Relieves migraines!
- Has anti-inflammatory properties!
- Contributes to the proper functioning of the digestive system!

Why choose our Syrups?

- Not From Concentrate means that our syrups are not reconstituted from the concentrate.
- Our products are pasteurized, which extends their shelf life, while maintaining valuable properties.

- The simple composition means that you will not find any artificial colors or preservatives in our World Syrups.
- Our syrups contain as much as 55% of juice.
- The dark color of the bottle reduces the incidence of sunlight and its negative impact on the product! In addition, our syrups are equipped with a non-spill stopper that facilitates pouring.

Application

The preparation is recommended for children over 12 years of age and adults as a supplement to the daily diet with vitamin C.

Recommended consumption

Children over 12 years of age and adults: 20 ml (4 teaspoons) daily.

The product should be consumed after diluting in 200 ml of cool water. Do not exceed the recommended daily dose. Dietary supplements cannot be used as a substitute (replacement) for a varied diet. Maintaining proper health requires a balanced diet and a healthy lifestyle.

The daily dose (60 ml) contains:

24 mg of vitamin C (30% of the reference intake value).

Ingredients

Pasteurized ginger rhizome juice (*Zingiber officinale*) – 52.25%, sugar, pasteurized lemon juice (*Citrus limon*) – 2.75%, L-ascorbic acid (vitamin C).

ATTENTION!

The product may slightly differ in color and taste depending on the batch. A natural precipitate may form. Shake well before consumption.

Storage

Store at room temperature. After opening, keep in the refrigerator for no longer than 14 days. Dietary supplements should be stored out of the reach of small children.

Volume:

- 250 ml
