

Ginger with Lemon Juice

Ginger with Lemon Juice is obtained directly from the rhizomes of medicinal ginger (*Zingiber officinale*) and from the fruits of lemon (*Citrus limon*). It has a characteristic sharp and sour taste. Medicinal ginger supports the proper functioning of the immune system and contributes to the proper functioning of the digestive system.

Juice is a perfect complement to the daily diet and is recommended m.in. for drinking with water or as an addition to teas, drinks and cocktails. Maintaining proper health requires balanced nutrition and leading a healthy lifestyle.

NFC Juice

The Juices of the World series is 100% directly squeezed and not played back from concentrate, so the nfc mark – Not From Concentrate/ not concentrated juice is proudly on the packaging.

No added sugar

The juice is not additionally sweetened, which means that it is characterized by a level of sweetness occurring naturally in the fruit.

Why choose our juice?

No preservatives

The juice does not contain preservatives, so after opening, store the bottle in the refrigerator according to the information on the label.

No dyes

After spilling into a glass, each juice has an NFC-specific colour.

Pasteurized

The juice is pasteurized to extend its shelf life – a safe method to keep it fresh.

Safety stopper in the neck of the bottle

The cork in the neck of the bottle prevents the juice from overflowing after it is tilted – this allows more precise pouring into the glass.

Dark glass bottles

Juices in glass packaging are valued for retaining freshness, taste and aroma for a long time, and the dark color of the glass protects the content from light access, which can negatively affect its value.

Wide selection of flavours

Our offer includes 19 selected flavors of fruit juices from all over the world – from a duo of lemon and ginger, whose fruits in many homes are used to build immunity, to sea buckthorn called The Gold of Siberia by a wealth of nutritional values.
