

## *Ginger with Turmeric and Lemon Juice*

Ginger with Turmeric and Lemon Juice is obtained by direct pressing of rhizomes of ginger (*Zingiber officinale*), rhizomes of turmeric (*Curcuma longa*) and fruits of lemon (*Citrus limon*). It has an intense orange color and a characteristic pungent taste.

Medicinal ginger supports the proper functioning of the immune system and

contributes to the proper functioning of the digestive system. Turmeric helps maintain the efficiency of the immune system and the health of the lungs and upper respiratory tract.

It also has antioxidant properties. Juice is an excellent complement to the daily diet. Maintaining proper health requires balanced nutrition and leading a healthy lifestyle.

## *NFC Juice*

The Juices of the World series is 100% directly squeezed and not played back from concentrate, so the nfc mark – Not From Concentrate/ not concentrated juice is proudly on the packaging.

## *No added sugar*

The juice is not additionally sweetened, which means that it is characterized by a level of sweetness occurring naturally in the fruit.

## *Why choose our juice?*

### **No preservatives**

The juice does not contain preservatives, so after opening, store the bottle in the refrigerator according to the information on the label.

### **No dyes**

After spilling into a glass, each juice has an NFC-specific colour.

### **Pasteurized**

The juice is pasteurized to extend its shelf life – a safe method to keep it fresh.

### **Safety stopper in the neck of the bottle**

The cork in the neck of the bottle prevents the juice from overflowing after it is tilted – this allows more precise pouring into the glass.

### **Dark glass bottles**

Juices in glass packaging are valued for retaining freshness, taste and aroma for a long time, and the dark color of the glass protects the content from light access, which can negatively affect its value.

### **Wide selection of flavours**

Our offer includes 19 selected flavors of fruit juices from all over the world – from a duo of lemon and ginger, whose fruits in many homes are used to build immunity, to sea buckthorn called The Gold of Siberia by a wealth of nutritional values.
