

*Nordisept*

**Nordisept** contains Iceland moss (*Cetraria islandica* L.) extract and zinc.

Iceland moss's properties allow it to create a protective cover over mucous membranes in a throat and larynx and over vocal cords.

Zinc contributes to:

- the normal function of the immune system
- the protection of cells from oxidative stress

- the maintenance of normal bones

**Recommended use:**

children aged 3-6 years – 5 ml two times a day,

children aged 6-12 years 5 ml three times a day,

children aged 12 years or more and adults – 10 ml three times a day.

Do not exceed the recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet.

Maintaining normal health requires a varied and balanced diet and a healthy lifestyle. Excessive consumption may produce laxative effects.

**Note!** People with hereditary fructose intolerance should consult a physician before using this product.

**Intended use:** product is recommended for children aged 3 years or more and adults to support normal function of the immune system.

**Ingredients:** bulking agent: sorbitol syrup, water, Iceland moss (*Cetraria islandica* L.) extract, zinc gluconate, flavouring, preservative: potassium sorbate.

**Storage conditions:** store in room temperature, in a dry and dark place. Food supplements should be stored out of reach of children.

**Volume:**

- 200 ml netto
