

## *Pomegranate Juice with vitamin C*

The **pomegranate** comes from the Mediterranean. Its fruit is filled with seeds, valuable due to the content of many bioelements, such as calcium, magnesium, phosphorus and potassium. It is also a source of tannins and flavonoids – antioxidants that counteract damage caused by free radicals. Pomegranate juice supports the

heart and circulatory system by lowering blood pressure. Research shows that drinking pomegranate juice on a regular basis can reduce fasting cholesterol and glucose levels and reduce insulin resistance. Pomegranate fruit also helps to relieve pain and inflammation in the body. They are also great during the flu season, because they have antibacterial properties.

Our product is a combination of 99.95% juice from pomegranate fruit (*Punica granatum*) and vitamin C, thanks to which it supports your immunity even better! In addition, vitamin C supports the work of the nervous system, protects cells against oxidative stress and the proper production of collagen. It also helps to reduce the feeling of fatigue!

## *Properties of pomegranate:*

- has antibacterial properties!
- relieves pain!
- lowers cholesterol!
- soothes inflammation!

## *Why choose our juice?*

- Not From Concentrate means that our juices are not reconstituted from the concentrate

- Our products are pasteurized, which extends their shelf life, while maintaining valuable properties
- The simple composition – you will not find added sugar, artificial colors or preservatives
- Our offer includes a huge amount of flavors from around the world! Try each of them and find your favorite
- The dark color of the bottle reduces the incidence of sunlight and its negative impact on the product! In addition, our juices are equipped with a non-spill stopper that facilitates pouring

## *Application*

The preparation is recommended for children over 6 years of age and adults as a supplement to the daily diet with vitamin C.

## *Recommended consumption*

Children over 6 years of age and adults: 60 ml (4 tablespoons – a tablespoon equals 15 ml) per day.

Do not exceed the recommended daily dose. Dietary supplements cannot be used as a substitute (replacement) for a varied diet. Maintaining proper health requires a balanced diet and a healthy lifestyle.

*The daily dose (60 ml) contains:*

60 ml of pomegranate juice and 18 mg of vitamin C (22.5% of the reference nutritional value).

Do not use in people with a predisposition to the formation of kidney stones or suffering from kidney stones.

## *Ingredients*

Pasteurized pomegranate juice (*Punica granatum*) – 99.95%, L-ascorbic acid (vitamin C).

### **ATTENTION!**

The product may slightly differ in color and taste depending on the batch. A natural precipitate may form. Shake well before consumption.

## *Storage*

Store at room temperature. After opening, keep in the refrigerator for no longer than 14 days. Dietary supplements should be stored out of the reach of small children.

### *Volume:*

- 490 ml
