

Prostadyn with pomegranate

Contributes to the normal function of the urogenital tract*

PROSTADYN ® with pomegranate is a product recommended for men. It contains a blend of pomegranate extract and nettle leaf extract with zinc and selenium. Pomegranate extract contained in the product is double-standardized for polyphenols and ellagic acid content. Nettle contributes to normal venous circulation and to renal excretory function. Zinc contributes to the maintenance of normal testosterone levels in the blood and to normal fertility and reproduction. **Selenium**

contributes to normal spermatogenesis. Moreover, similarly to zinc, it contributes to the protection of cells from oxidative stress. **Nettle, zinc and selenium contribute to the normal function of the immune system.**

INTENDED USE: product is recommended for men to support the normal function of the urogenital tract.

* nettle, zinc and selenium contribute to the normal function of the urogenital tract

RECOMMENDED USE: adults – 1 capsule a day. Do not exceed the recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet. Maintaining normal health requires a varied and balanced diet and a healthy lifestyle.
